CITY COUNCIL HOLD MEETING

The matter of the acceptance of Roosevelt avenue was discussed by the city council at their meeting Monday evening. The following report by P. H. McEvoy, expert employed by the committee of public utilities was received and filed.

To the Honorable Board of Trustees, Redwood City, Gentlemen: Pursuant to your request in the matter of the inspection of work done on Roosevelt avenue by Mr. Hess I hereby submit my report,: On the upper section of Roosevelt Ave. a distance of 2,700 feet, it being the third section. I made eight sectional measurements of crown and gutter at regular distances of about sixty feet, with the following results: Nine sections being at grade, sixteen are found to be above grade which means excessive rock ranging from one to eight hundredths of a foot, an average of five hundredths of a foot in excess of contract. Fifty-five stations are below grade, ranging from one to twenty-three hundredths of a foot, making an average shortage of ninety-seven thousands. or less than one tenth of a foot, so that the extreme variations are less than twenty-eight hundredths of a foot. A most remarkable showing in the grading and spreading of the rock. The property owners have certainly received the full amount of course rock, but not so with the screenings, as they do not meet the requirements of the specifications, and are of little benefit to the roadway, inasmuch as they are composed of dust ad earthy matter to such an extent as to deprive it of any usefulness. Outside of this there is no evidence on the part of the contractor to show that he has tried to evade his obligations.

Another report was received and filed from J. H. Humphreys and R. J. McGaffigan, experts engaged by property owners along Roosevelt avenue as follows:

To the Honorable Board of Trustees, Gentlemen: At the request of the property owners along the line of the avenue we have made an examination of the macadam roadway on that avenue for its entire length, and we find that the macadam is an average of one and five-tenths inches less than required by the specifications; that is to say, five inches at the curb and eight inches at the center. In our opinion, the bottom layer has not been thoroughly watered and rolled as provided in the specifications, before putting on the second layer of rock. The second layer of material does not conform with the specifications either in quantity or quality or watering and rolling and except in the beaten track of vehicles, it is possible to scrape the surface of the avenue with the foot, without kicking or any exertion. To preserve the crown of the roadway, during the work, the loose material crowded down should have been thrown up during the rolling, "to bring said roadway to a smooth and even surface", as provided in the specifications.

Another communication was filed from Messrs. Herrick and Schellens, also complaining as to the rock and manner of construction of the avenue.

President Merrill then called upon City Engineer Neuman who had assisted Mr. McEvoy in inspecting the avenue, and he said that his views coincided with those of the expert.

Street Superintendent Dickey declared that the avenue had been thoroughly inspected while in course of construction and that the change made by the board to have finer screenings used for a covering, made a better road.

Wm. Elliot, a resident on Roosevelt avenue said that what was wanted by the people there was the following of the specifications and that by law it was inadmissable to vary from a strict interpretation of the provisions of the contract. The contractor had not fulfilled his duty and the members of the board were aware of the fact.

No admission could be drawn down from the gentleman by Trustee Hynding that the street was better on account of the changes made, but he demanded the fulfillment of the contract strictly.

C. E. Cumberson, another resident of the avenue, who said that he paid as much as any of the others, declared that the road was good, one of the best he had seen and he was perfectly satisfied with it.

Contractor Hess asserted that the screenings put on did not consist of dirt of any noticeable extent and that the dirt found on the road was caused by graders from other parties, coming with scrapers and road-plows from cross streets and turning their teams on the avenue thus scraping the top off. These parties completed their work Saturday and he had just received rock to put on to repair the damage done and had not yet had an opportunity to put the rock upon the street. Besides this he had put 385 yards of rock upon the street in excess of the contract.

President Merrill said that as Hess had not yet finished the street and as legal opinion was needed by the board as to what their action should be, he would entertain a motion to postpone the matter until next meeting. Them otion was carried.

The matter of planking the bridge on Roosevelt avenue was referred to the committee of public works.

An application for water was received from the Cut Off Land Company and the Fair Oaks Company. These companies are sellers of real estate along the Southern Pacific Cut Off and desired to furnish water to purchasers of lots on their tract. Referred to the public utilities committee.

A communication from the Good Government League was received containing 350 names requesting the appointment of Joseph H. Mansfield as a member of the board of town trustees to fill the vacancy caused by the death of W. C. Havey. Filed.

A petition for title to property on Mound street was received from John Meyers and referred to the finance committee.

An order was made that no water connections shall be allowed unless an application shall be presented to the city clerk, the fee of $10 paid and a permit issued.

Another order makes it necessary to deposit $5 with the clerk and a permit issued by him before any person can use the horse roller belonging to the town.

The committee on public works was directed to have the tower on the house of Hose Company No 3 repaired.

The city attorney was instructed to prepare a lease to be executed by N. J. Brittain for the use of his quarry.

The city attorney was instructed to advertsie for bids for lying pipe in Dingee Park.

Street Superintendent Dickey was authorized to purchase forty feet of steel sewer pipe to be used beneath the First street bridge.

COUNTY OFFICIAL PAPER.

D. E. O'KEEFE, Editor and Proprietor

FOR PRESIDENT
WILLIAM H. TAFT,
OF OHIO.

Senator Ross now if you please.

Glad to see our old friend, Dick Jury, back in journalistic harness.

The American people are more amused than interested when a frothy politician and mug mump journals tell them that they have ceased to rule their government.

Mr. Bryan's "growth of conservatism" is a subject he carefully avoids in Nebraska. He is fused in that state with the Populists, and on a platform that meets their views.

Mr. Kern says Indiana will surely go Democratic this year. Was it an accident that Indiana voted twice against Bryan, and twice against Kern when he ran for governor?

The State Republican convention that met recently at Oakland did the proper thing in endorsing the candidacy and commending the services of George C. Perkins as United States Senator. He has made an able representative in the upper house at Washington and desrves the thanks of the people of the State of California. Owing to his long service at the Capital he has a large influence there and certainly could do more for the State than any new man could. In view of the fact that there is going to be a revision of the tariff at the next session of congress we want men who are well posted at the helm to protect our fruit and manufacturing industries and other interests. The tariff must not be taken off of fruit for that is one of the principal industries of the state. Mr. Perkins makes no pretensions as a profound, original statesman. He is essentially a practical man and his work in the Snate is, above all else, on practical lines. At the same time he is a very intelligent man, a man of wide expeierce in affairs and familiar with the general obligations and operations of government. He is a man of cooperative mind and of genial manners, and therefore commands respect and friendship in the Senate and out of it. He is an untiring worker, sparing himself at no point where the interests of the State or the country at large are concerned. He stands among the little group of senators—only eight of ten all told—who enjoy special prestige and influence through long service. His committee assignment: are the best and have been especially chosen with respect to lagislation affecting Californian interests. In brief, Mr. Perkins, while not a great statesman and while making no pretensions to that character, is a highly practical and useful man in the Senate. He stands well not only with this administration, but with that which is to come, and his capacity for the accomplishment of general legislative purposes is large.

Girls Put Up Good Ball

Yesterday the Chicago Ladies Ball Club played a picked team from Redwood, and mayby those girls cant go some. They know baseball, and give the locals some good pointers on the game. Al arge crowd witnessed the game, infact the biggest crowd of the season. Maby if the Redwood team would sign up a couple of the "ladies" in their team, they would be able to draw a crowd on Sundays and make both ends meet in the way of expenses, which has been impossible heretofore.

The All Redwoods lost their second game to Palo Alto last Sunday at Palo Alto by a score of 2 to 1, thereby losing the series of three games. Tomorrow the All Redwoods will play Menlo at the latter place. They can be relied upon to bring home the bacon, as their percentage of games won this season is .983, having lost but five games in the season.

DEATH FOLLOWS SURGICAL OPERATION

City Attorney F. H. Trorpe Passes Away in San Francisco

Fayette Henry Thorpe, a native of Tennessee aged 37 years passed away at the Adler Sanitarium Thursday evening at 9:45 as the result of an operation which was performed Monday morning. Mr. Thorpe was one of the best known and most respected men in Redwood City he having made his home here for a number of years past. About 1890 he was sent to this city by the Southern Pacific Company, of which he was then an employee, as baggageman and continued in that position for four years when he was transferred to Gilroy. Just before leaving Redwood for Gilroy he was married to Miss Zoe Fox and two children, Fay and Winthrop are the result of the union. While in Gilroy Mr. Thorpe took up the study of law and was soon admitted to the bar. Immediately upon his admission he came to Redwood and for a number of years was in the law office of Geo. C. Ross. Three years ago he decided to go into business for himself and fitted up rooms on A stret where he was building up a good practice.

The deceased was always an advocate for that which was best for the town and took an active part in any movement which looked towards the upbuilding morally or numerically of the community. He was an active worker in the cause of Good Gvernment and after the recent campaign he was rewarded for his labors by the appointment of City Attorney which position he has filled wisely and well for the few months it was given him to occupy it.

He was an earnest and consistent Christian and was very active in Church work and at the time of his death was chairman of the Board of Trustees of the Congregational Church.

The operation which caused his demise was performed to relieve an estoppage of the intestines but because of his weakened condition, he having been unable to take any solid food for sometime past, he was unably to rally and hence the end came.

Mr. Thorpe was a lineal descendant of Patrick Henry and possessed many of that gentlemans qualities, particularly that of determination of purpose. As a young lad his parents died and he went to Carson, Nevada, to live with an uncle. He was educated in the public schools of Carson finishing the high school about two years before coming to Redwood. Being a Southerner he was naturally a strong Democrat and was the Chairman of the County Central Committee of that party, and has taken part in every campaign.

The death of this young man is not only a great loss to his family but also to the community where his determination of purpose counted for much.

The funeral will take place tomorrow afternoon at 3 o'clock from the late residence of Mr. Thorpe and interment will be in Union Cemetery. Short services will be held at the house by Rev. Kirtland.

DOINGS IN THE SUPERIOR COURT

Suit Is Brought for an Accounting

ArchibaldBarnard and theDominion Investment Company has commenced a suit in the Superior Court against J. Hall Lewis for an accounting. On August 28, 1905, Barnard, on advice of Lewis purchased 3 parcels of land at Halfmoon Bay in the name of the Dominion Investment Company for $5200. The property consisted of 17 acres belonging to R. H. Hatch, and two tracts containing 61 acres and owned by James Hovious. It was agreed by plaintiff and defendant that the property be subdivided and sold and all the profts be divided. Barnard was to be paid the monies he advanced in making the purchase. Lewis was to act as agent and receive no commission on sales. On September 5, 1905, Barnard left the state and on October 9, 1905, the Dominion Investment Company, without his knowledge sold the Hovious property to the Potter Stoll Co. for $9000. The Investment Co. was represented in the transaction by J. Hall Lewis. The commplaint alleges the sale was not reported to plaintiff, Barnard, until May 22, 1906, although it was made on October 9, 1905, at which time Lewis received $2500 on account of said purchase. It is alleged that the money was invested in real property near Halfmoon Bay and in the Capital stock of the Halfmoon Bay Bank. This was done, so it is alleged, to defraud plaintiff of his share of the profits. Plaintiff prays that the copartnership be dissolved and an accounting be taken of all dealings and transactions and that defendant account for one half of the profits made by him from the Halfmoon Bay Development Co., with the money he received from the sale of the property to the Potter Stoll Co. when plaintiff was out of the state. Bishop and Hoefler of San Francisco are the attorneys for Barnard and the Dominion Investment Company.

SECTION 1. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and nine, and shall be made payable on the second day of January, nineteen hundred and twenty-eight A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; **provided**, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and ten, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and, he shall on the first Monday of January, nineteen hundred and twenty-eight, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighteen.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4.
